

The Story of the Bible

Sponsored by the Christadelphians

Many Bible readers have difficulty fitting everything together. Did Moses or David come first? What was the “captivity” all about? When did Jesus say he would return to earth?

This course is for people who have begun to read their Bibles, and are trying to fit the major people and events into the overall Bible story. The Bible message is heard more loudly and clearly if we understand the overall story of the Bible.

Preface

The Story of the Bible is an 8-week course looking at the major people and events in the Bible and how they fit together. The course is designed for people who have completed the “Learn to Read the Bible Effectively” course.

Our goal is to teach you to help you fit Bible events into the overall story of the Bible. When you understand the historical and geographical context of Bible events, they become more powerful and more meaningful to us today.

We assume that, since you are attending this course, you are interested in Bible reading and want to understand God’s message to you. We think we can provide you with some assistance in doing so.

Why are we giving this course? As with all our courses, we are hoping God is pleased that we are attempting to build respect and familiarity with his Word. We are fulfilling our responsibility to share what we have learned with others. We are concerned for your salvation as well, but rest assured, we do not believe it is our place or role to attempt to convert you to our way of thinking in this course. We are committed to helping you discover the Bible message for yourself. If we come to agreement on matters, all the better. If not, your conscience and ours must be satisfied independently. For this reason we will avoid a debate of doctrine during class time, and stick to our promise of helping you understand the extraordinary story of the Bible.
